

Geltex Reflejos - Datasheet

Unique in the paper world. High-strength and mass-pigmented with a metallic acrylic coating, providing a premium image. Its textile embossing prevents fingerprint marks, while still permitting the personalisation of designs and projects using any printing technique.

Description

Silky, iridescent, sensual... Geltex Reflejos is unique in the paper world. Made with long-fibre cellulose that affords it high strength, and mass-pigmented with a metallic acrylic coating, providing a premium image and making it the perfect finish for covering hardback books, rigid boxes or de luxe

cases. Furthermore, its textile embossing prevents fingerprint marks, meaning that it is ideal for menus, diaries or notebooks. Its higher-grammage version affords it a premium appearance for flexible packaging, rustic covers or tags.

Sustainability

Involved with planet, so that we can all continue to enjoy it as it is.

20% of the waste generated in the manufacture of paper is reused internally.

Our papers are produced on a neutral and aqueous basis, with a pH around 7, if it is not recycled.

The papers we manufacture are made with raw materials free of heavy metals, guaranteeing safety for humans and the environment.
